

Managing a culturally diverse workforce in the context of palliative care

problems and solutions

This forum is specifically for Managers, CNCs and Link Nurses committed to the ongoing implementation of the palliative approach in Residential Aged Care Facilities.

Facilitated by: Tanja Bahro, SMRPCC Manager

Cultural incongruence is one of the barriers to providing the palliative approach. Involving staff from a variety of ethnic backgrounds in the implementation of the PA Toolkit will assist to make our systems most effective.

This interactive meeting will discuss:

- the influence of culture when talking about death
- conflict resolution
- giving staff a voice
